

# Lesson 173: Animal Phyla Fact Sheet

Biology with Lab

	<b>Porifera</b>	<b>Cnidaria</b>	<b>Platyhelminthes</b>	<b>Nematoda</b>
<b>Special Features of this Phylum</b>				
<b>Body Plan:</b> Symmetry and Coelom Type				
<b>Feeding</b> (Digestive System)				
<b>Movement</b> (Muscular System)				
<b>Respiration/ Gas Exchange</b> (Respiratory System)				
<b>Circulatory System</b> (if present, open or closed?)				
<b>Excretion</b> (removal of waste)				
<b>Sensory and Response</b> (Nervous System)				
<b>Reproduction</b> (a/sexual, hermaphrodite)				
<b>Example groups, or organisms:</b>				

# Lesson 173: Animal Phyla Fact Sheet (cont.)

Biology with Lab

	<b>Annelida</b>	<b>Mollusca</b>	<b>Arthropoda</b>	<b>Echinodermata</b>	<b>Chordata</b>
<b>Special Features of this Phylum</b>					
<b>Body Plan:</b> Symmetry and Coelom Type					
<b>Feeding</b> (Digestive System)					
<b>Movement</b> (Muscular System)					
<b>Respiration/ Gas Exchange</b> (Respiratory System)					
<b>Circulatory System</b> (if present, open or closed?)					
<b>Excretion</b> (removal of waste)					
<b>Sensory and Response</b> (Nervous System)					
<b>Reproduction</b> (a/sexual, hermaphrodite)					
<b>Example groups, or organisms:</b>
